

20,000 MEN ARE FIGHTING AUSTRIA

ENGAGEMENTS TAKE PLACE DAILY

Austria is Suppressing All News
of Strength as Far as
Possible

BUT REPORTS ARE HEARD
FROM MEN IN THE FIELD

Bands of Twenty Are Carry-
ing the Warfare All Over
Herzegovina

BELGRADE, Jan. 14.—A wholesale
slaughter of the Austrian troops that
began at Herzegovina by a bomb
corps of twenty thousand men which
is divided into parties of twenty each,
has scattered over the entire pro-
vince. The bloody campaign, which
started on the first of the year is now
assuming the proportions of genuine
warfare.

The Austrian government and the
military authorities on the field, are
sparing no effort to prevent the news
from being known. Men in the field,
however, send a report that fighting
is taking place every day with heavy
casualties.

Individually the engagements are
small, which makes it easier for the
Austrian government to suppress the
news. But considering they are now
ranging over thirty-five hundred
square miles, the total showing be-
comes formidable.

CALHOUN HAS DEFENSE PLAN

Of Conspiracy Formed to Se-
cure Indictment Against
Him

SAN FRANCISCO, Jan. 14.—Patrick
Calhoun, on trial for bribery, revealed
his defense today when Attorney
Moore, by his questioning of August
Hansen, attempted to show that the
indictment was the result of a plot of
Rudolph Spreckels, to make out a
case against the head of the United
Railroads. Other fragmentary evi-
dences of the scheme of defense has
been brought out in the examination
of prospective jurors, touching on the
car strike, the granting of immunity,
and the jurors' general sentiment on
the matter of unionism.

PROF. L. A. LOWELL FOR PRESIDENT OF HARVARD

BOSTON, Jan. 14.—Prof. A. Law-
rence Lowell was nominated for pres-
ident of Harvard university to succeed
President Eliot, at a meeting of the
Harvard corporation yesterday, and
President Eliot subsequently present-
ed his name.

ATHLETICS AND THE STUDY OF THE BIBLE

CLAREMONT, Jan. 14.—Thirty-
three thousand college men are en-
rolled in Bible study classes in this
country; of these, 4000 are fraternity
men, 1000 are members of 'varsity
football teams and 700 members of
'varsity baseball teams. These state-
ments were made Tuesday night by
E. C. Carter of New York, in an ad-
dress to the Y. M. C. A. in Holmes
Hall. Mr. Carter is associated with
John R. Mott in the general direction
of student Y. M. C. A. works.

SURVIVORS OF RUIN IN ITALY REACHED AMERICAN SHORES

NEW YORK, Jan. 14.—Fifty refu-
gees from the Sicilian earthquake
zone and one actual survivor of
the scenes of terror that followed the
earthquake and tidal wave and the
subsequent destruction of Messina ar-
rived here today on the Lloyd Sabauda
steamship Re d'Italia from Palermo.

The one man who escaped the fate
of many thousands who perished in
Sicily was Giuseppe Cotrone, who
lost his wife and three children in the
quake, while visiting in Messina.

Cotrone is a well-to-do cattle dealer
in Brooklyn and he arrived here prac-
tically bereft of reason.

CORBETT LOGICAL MAN TO FIGHT WITH JOHNSON

NEW YORK, Jan. 14.—Not Jeffries
but Corbett is the only available
white man to enter the ring against
Johnson, according to Battling Nel-
son, the champion lightweight. He be-
lieves Corbett is in better condition
than Jeffries, and is the logical man
to defeat the negro.

Nelson said, "No friend of Jeffries
nor any one anxious to see the cham-
pionship in the hands of a white man,
will urge Jeffries to fight Johnson. It
would be a crime to allow Jeffries to
face the negro."

"The life Jeffries has led has been
such that it would be impossible for
him to get into shape again. If John-
son ever beat Jeffries, every other
white fighter would have to half kill
every black he met. My opinion is
that Corbett has the best chance with
Johnson."

BURBANK STATE BANK ROBBED BY DYNAMITERS

BURBANK Cal., Jan. 14.—Robbers
blew open the vaults of the state bank
here yesterday and carried off the loot
in a wagon. They secured three or
four hundred dollars from the outer
vaults, and the bank officials are yet
unable to determine how much is
missing from the inner vaults.

The robbers drove up to the bank
some time before day-light, entered
the building through the window and
dynamited the vaults. The robbery
was discovered this morning when the
bankers opened the bank doors. Sher-
iff Hammell of Los Angeles, who was
notified, came here in an endeavor to
run down the robbers.

LARGE GATHERING OF SHRINERS NEXT MONTH

CHICO (Butte Co.), Jan. 14.—Dur-
ing the latter part of February, prob-
ably the 20th, Mystic Shriners will
gather at Chico from all over Superior
California to attend a big ceremonial
session at which about forty candi-
dates will be sent across the "burning
sands of the desert."

The Arab Patrol and head officers of
Islam Temple, San Francisco, will con-
duct the ritualistic work. Of the can-
didates, twenty-six will be from Chico.

Three or four years ago a large
Shriners' convocation was held in Chico,
when fifty-seven candidates were ini-
tiated.

BEATRICE MILLS WED TO KING'S OFFICER

NEW YORK, Jan. 14.—Earl Gran-
ard, King Edward's master of horse,
was married today to Miss Beatrice
Mills.

STRANGE SIGNALS HEARD AT WIRELESS STATION

SAN DIEGO, Jan. 14.—For
several hours the wireless sta-
tions here have been hearing a
strange signal, the letters "Hy."
They think it comes from the
life-saving steamer Snohomish,
sent from the Atlantic coast to
a station on the Straits of Juan
De Fuca, after the Valencia
sank there.

FLOOD IS NOW MENACING TOWNS IN NORTH

Porterville is Already Partly
Flooded; Houses Washed
From Foundations

LEVEE ON RIVER NEAR VISALIA IS BROKEN

Stockton is at Mercy of Waters
and London is Under
Flood

FRESNO, Jan. 14.—The
levee has broken at Visalia and
a great stream of water is
flooding the northwestern part
of town. The high school is
flooded and students have been
compelled to abandon it. If
Mill Creek cannot carry off a
large portion of the flood of
waters, the entire town will be
covered by water tonight. The
water is approaching the busi-
ness section now.

DANGER IMMINENT FROM SWOLLEN WATERS

FRESNO, Jan. 14.—At 3 o'clock this
morning the lower portion of the town
of Porterville is flooded, and several
houses have been washed away from
their foundations. Twenty-five families
were rescued on rafts. A three-year-
old girl fell into eight feet of water,
and when her mother jumped after
her, both were almost drowned before
being rescued.

A slough of water running through
the town has broken into several
places. The opera house and several
business houses are flooded. The pre-
cipitation in the mountains above the
town is 15.20 inches, resulting in a
flood below.

The levee supporting the St. John
river, near Visalia, has broken in
three places, and threatens the town.

The town of Oriso is a foot under
water.

STOCKTON AGAIN IS FACING PERIL

STOCKTON, Jan. 14.—The city is
in imminent danger of another flood
today. A huge section of the bulk-
head of the Mormon channel near
Bolleta has been washed out, and the
water is sweeping across the country
towards Stockton from the East. In-
dications are that the lower sections
of the city will be inundated before
night.

Angels reports that the streams are
overflowing, following a steady rain
of two days. The town of Lindon,
twelve miles away, was flooding at 8
o'clock this morning.

TERRIFIC RAIN SWELLS STREAMS INTO TORRENTS

CHICO, Jan. 14.—A terrific rain fell
throughout the night, and all streams
feeding the Feather river have become
torrents. The river reached the dan-
ger point today, and a serious flood
is expected tonight when the overflow
reaches the valley. The Feather river
is rising rapidly at Oroville and Sacra-
mento.

WATER MAY REACH HIGH LEVEL OF TWO YEARS AGO

SACRAMENTO, Jan. 14.—Warm
rains are falling in the snowbeds of
the mountains and the streams in
the Sacramento valley are rising rap-
idly. It is predicted that water will
reach the high level set two years
ago, when great damage was done in
the valley by floods. Levees about
this city have been greatly strength-
ened, and it is not believed the water
will gain entrance into the town.

Rain General

LOS ANGELES, Jan. 14.—The rain
is general throughout Southern Cali-
fornia and all grain crops are saved.

ENGLISH WORKING MEN SEIZE LORDLY ESTATE

Aroused by Gay Hunting Scene On Broad Fields
Where Crops Could be Grown For
Starving Families

CARDIFF, Wales, Jan. 14.—Five hundred unemployed workmen whose families are
facing starvation, invaded great baronial estate of the Marquis of Bute today and began
digging the land preparatory to planting crops. The local authorities were summoned to
stop them but were powerless to proceed without warrants.

While the men continued the laying out of the fields into little farms on the great
hunting preserves, the Marquis of Bute departed to seek warrants. The workmen hearing
this secured weapons and declared they would resist ejection.

The preserve consists of thousands of acres of valuable land which the Socialists
have been demanding be thrown open to the starving people for cultivation. Emissaries
have been sent to London to urge the House of Commons to support a bill to throw open all
the hunting preserves in the United Kingdom.

Today's action is the direct result of the noble's indiscretions. The Marquis of Bute
recently gave a big hunting party. The sight of the well-fed, well-dressed lords enjoying
themselves on idle land which would save their families from starvation, goaded the
workmen to the action of today.

TRACK BILL MEN HOPEFUL

Enough Votes Are Already Se-
cured to Secure Its
Passage

Eucalyptus Gets Attention—
Rules of Order Adopted
Without Debate

SACRAMENTO, Jan. 14.—Assem-
blyman Otis announced today that
the Walker anti-race track gambling
bill will receive twenty-three votes in
the Senate and fifty-five in the house,
assuring its passage. He bases his
prediction on a quiet poll just com-
pleted.

He said the Wheeler bill introduced
yesterday is faulty because it did not
provide punishment for violation,
hence the Walker bill is the one to be
passed.

Otis said: "I am counting on at
least fifty-five members of the lower
house, and Senator Walker tells me
he has been promised twenty-three
votes in the senate. We've enough
votes pledged to carry our bill
through. The only thing now is to see
that the measure is not tampered
with."

"Regarding the Wheeler bill, in-
troduced yesterday, I find it is faulty
in that it does not provide any pun-
ishment for violation in its provisions.
I believe the Walker bill, that is favor-
ed by the anti-race league, is the best
one that has been introduced. It is
the one that should be passed."

Rules Adopted Without Debate

SACRAMENTO, Jan. 14.—The Sen-
ate today adopted the recommenda-
tions of the rules committee without
debate. Contrary to expectations,
the suggested amendment requiring
a two-thirds vote to call a bill from
committee, was not included. Such a
rule would have been an obstacle to
the direct primary and race track
bills, and would have been fought by
the anti-organizationists.

The fate of the report from the
rules committee of the Assembly last
week has made the organization men
in the Senate cautious.

WANT MONEY FOR FREE EXPERIMENTS AT COLLEGE

SACRAMENTO, Jan. 14.—Because
the eucalyptus tree is destined to
play as important a part in the fu-
ture history of the state as the red-
wood has in the past, the legislature
will be asked to appropriate \$5000 to
allow the forestry experts at Ber-
keley to make experiments for the
propagation of the tree. The bill
was introduced by Senator Thomp-
son.

Assemblyman Johnson of San
Diego, has introduced a bill asking
for \$6000 for experiments in crop
cultivation in Imperial Valley.

FLAMES SHUT OFF ESCAPE

Topeka Hotel Guttled; Guests
Jumped From Windows,
Receiving Injuries

Many Prominent People in the
House When Fire Broke Out
in Early Morning

TOPEKA, Kans., Jan. 14.—Thirty
were injured, including A. W. Smith,
a former Republican gubernatorial
candidate, who it is believed will die,
as a result of a fire that gutted the
Copeland hotel here early today.

Many of the guests jumped from the
windows when the alarm was given
at 4 o'clock this morning, egress by
the stairs and elevators being cut off
by the flames. Most of the injured
were hurt by falling on the pavements
before the firemen had placed life
nets.

The hotel was political headquar-
ters here, and many prominent per-
sons from all parts of the state were
in the building. Smith was uncon-
scious when he was taken to the hos-
pital, and there is but little chance
of recovery. The intense cold has
added to the suffering.

One hundred and fifty guests were
in the building, which was a four-
story brick. I Lambert of Emporia,
an attorney, is missing, and his
friends are apprehensive. Former
Governor G. W. Glick was carried
down a ladder from the third floor
and escaped injury.

\$6,000 RAISED IN FIFTEEN MINUTES

Baptists Enthusiastically Sub-
scribe for College Build-
ing Fund

LOS ANGELES, Jan. 14.—At a ban-
quet held last evening in Berean hall
under the auspices of the financial
committee of the University of Red-
lands, \$6000 was subscribed in less
than fifteen minutes toward the
"founding fund" of the proposed Baptist
institution. This leaves but \$10,-
000 out of the necessary \$200,000 to
be raised before the university will
become a reality. More than 500
Baptists were in attendance and en-
tered into the spirit of a business
meeting, which followed the banquet,
with much enthusiasm.

CHAMBERLAIN TO BE TARGET

Of All Forces Opposed to His
Election—Fulton's Friends
Are Working

Governor's Enemies Will Try
to Revive and Pass Ve-
toed Bills

PORTLAND, Jan. 14.—Ormsby
McHarg, the personal representative
of National Chairman Hitchcock in
the last campaign, is in Portland to-
day for the purpose, it is reported,
of leading the fight for the election
of a Republican senator instead of
Governor Chamberlain.

When McHarg heard the rumor
that money was being used, he quick-
ly denied it as far as the national ad-
ministration is concerned. It is ap-
parent that McHarg is here at the
request of Senator Fulton, who wants
a re-election with the sanction of the
Republican organization and Presi-
dent-elect Taft.

WILL USE EVERY MEANS TO DEFEAT CHAMBERLAIN

The legislature adjourned today
to meet Monday, when Governor
Chamberlain's vetoes of the last ses-
sion will be taken up, and his op-
ponents are lining up all their forces
to pass several of the returned mea-
sures over the governor's head, count-
ing on this to weaken several men
pledged to Chamberlain, when the
senatorial vote is taken next Tues-
day.

SISTERS' HOSPITAL IS TOTALLY DESTROYED

CHICO, Jan. 14.—The Sisters' Hos-
pital here was totally destroyed early
today by a fire that threatened the
life of seven patients. When the
flames were discovered, the nurses
rushed to the rescue of the sick and
carried them safely down the burn-
ing stairways.

The fire was started by wood placed
in the oven to dry. The loss is fif-
teen thousand dollars, partly insured.

OLD MEXICO BANDITS MURDER AND LOOT

EL PASO, Jan. 14.—Bandits
today dynamited the safe of the
Eluvado Oro Mining Company
at Urique, in the district of Chi-
huahua, Mexico, and escaped
with \$6000. A posse is pursuing.
It is reported at Torreón,
Mexico, that Juan Vincento, a
mail carrier, was murdered by
bandits who secured \$700.

Weather Forecast
SAN FRANCISCO, Jan. 14.—Rain
tonight and Friday.

CARNIVAL IS TO BE HELD EARLIER 1909

The Executive Committee Has
Changed Dates to Sept. 30
and Oct. 1 and 2

FULL OF MOON COUNTS A LITTLE

Even if Not Much to do With
the Weather and Spuds,
It Decided Time

There are some people who do not
believe the moon has anything to do
with the success of a spud crop, but
certain it is the moon had a good deal
to do with the resetting of the date
for the 1909 Carnival of Products.
Oct. 8, 9 and 10 had been settled upon
as dates for the three days celebra-
tion of the products of Orange county,
but those dates have been changed,
and the carnival this year will be
held on Sept. 30, Oct. 1 and 2. The
decision to change the dates to Sept.
30, Oct. 1 and 2 was reached at a
meeting of the executive committee
of the Carnival of Products held last
night. The moon is full on Sept. 29.
The last carnival came when the moon
was dark, and it was thought by many
at that time that the brightness of a
full moon would add materially to the
situation.

The executive committee is well sat-
isfied with the response that has been
made to the request for contributions
for the 1909 Carnival of Products.
Practically every person and firm heard
from so far has subscribed as much
for 1909 as they did for 1908 or more

POMONA COLLEGE LOSES PRESIDENT

President Gates' Health Gives
Way Under Strain of Col-
lege Begging

LOS ANGELES, Jan. 14.—That a
college president should not be oblig-
ed to solicit funds as a part of his
duties is the firm opinion of Dr.
George A. Gates, whose resignation
yesterday from the head of the Po-
mona College came as a blow to the
trustees and friends of the institu-
tion. Trying to meet conditions im-
posed by a Carnegie donation has
impaired the health of President
Gates to such an extent that he
seeks relief from the burden rather
than suffer a complete breakdown.

MISTRIAL MAY RESULT FROM JUROR'S ACCIDENT

FLUSHING, Jan. 14.—The Hains
case was frequently interrupted today
by the necessity of calling physicians
to administer to Juror Walsh, who was
injured yesterday in a street car ac-
cident. Walsh is being plied with stim-
ulants. Attorneys fear the Walsh ac-
cident may cause a mistrial.

OAKLAND HARBOR IS TO HAVE IMPROVEMENTS

WASHINGTON, Jan. 14.—The Sen-
ate committee of commerce today ap-
proved the resolution providing for a
preliminary survey of San Francisco
Bay, for the improvement of Oak-
land harbor.

INDIANS' NEEDS DISCUSSED BY INDIAN

La Blance Gives Some of His
Ideas for Solving Big
Problem

GATHERS CLOTHING
FOR POOR FAMILIES

Umatilla Redman Made Ad-
dress on Street Last Night
—Speaks Tonight

J. W. La Blance, the Umatilla Indian, who is making an independent investigation into the condition of the redmen of this state, spoke on the street at the corner of Fourth and Main last night.

La Blance appealed to his audience for clothing for a number of poor families at San Juan Capistrano, and received a generous response. A large supply of clothing was turned over to him by the Salvation Army, and individuals brought him some good, cast-off clothing. He says he has about 400 pounds of it.

La Blance will give another open air talk on the street tonight. Tomorrow he will go to San Juan Capistrano, to distribute the clothing. His talk last night in part follows:

To the Public: Believing that in many respects the character of the American Indians and their attitude towards the whites and the Federal government are misunderstood, I have therefore taken it upon myself to travel upon my own responsibility and lecture to the public in this state. I am not attempting to stir up trouble or to make the Indians of California, who are held as wards of the Federal government, discontented with the conditions under which they are being cared for by the Federal government. I am merely trying to bring about a better understanding.

It is very true that there are many Indians in the state of California that are unhealthy, homeless and helpless. I find them scattered in small bands, chiefly far out in the forests and valleys and on tops of mountains. They live on the borders of civilization where there is little law and less protection. They are without money, without education, without political pull, without friends to aid them, without hope, the prey of the bad whites. Their case is extremely hard.

There is not money enough to conduct a sufficient campaign. The money in Christian pockets must be divided among a multitude of worthy objects, and to each according to its merits. There are not workers enough to go around and give these 17,000 Indians what they need in redemptive service. There is not time enough in which to do this work through the present agencies. The movements are too slow. The Indian race in this state is passing away by the hundreds every year. Seventy years ago there were 200,000 Indians in this state. Today there are only 17,000. Wise observers tell us that apparently the decline is ceasing. I have been told by a certain Indian chief that while seven Indian children were born to his tribe the past year, eleven Indians died. Captain Tack, a well known Indian in western California, says, "No kids among his people." Other chiefs tell of few children and many old Indians soon to die.

There is constitutional weakness among the poor Indians in this state. The trend, we fear, is still toward extinction, soon there will be no Indians in this state if this keeps up much longer, failure is sure from lack of time. The Indians for the Indians, is the first essential in the solution of the race problem. If zeal and ambition cannot be developed in the Indians for the elevation of their own people, the case is hopeless. The Indian race must climb for itself. If the white people must lift the Indians to the white man's level and put them there, the Indians will not stay put. Only the self-raised Indians stay up.

Discover and train Indian leaders. The white people will do their best service by concentrating their efforts largely on the discovery and training of educated Indian leaders of their own brothers and sisters.

As it is now ninety-five per cent of the educated Indians are not encouraged toward self-respect and citizenship. All the Indian agents that have got a political pull. Think of the graft that makes some of them rich. Nine-tenths per cent of the Indian agents

in the United States despise an educated Indian. Why? Because we educated Indians know of great wrongs they have done to our poorer brothers, and when we do try to aid our brothers, we are thrown in jail. This we cannot stand, and we leave our loved ones and our homes, and ramble to one state, then to another. This does not encourage us educated Indians to uplift our uneducated brothers.

A man to teach our Indians should have good morals and principles. Without this we do not want him. We have got enough bad trash whites without getting more.

Thus let us turn the practical considerations of the case. First. Hope must be awakened in the general body of the Indians, that they, or some of them, may set their faces to a raising instead of to a setting sun in the Indian sky. A small percentage of these will show an ambition for education and they will show a desire to uplift and save their own brothers. The hope of the Indian people is with this few when trained for effective service. An Indian tuskegee. Second. California needs now, not a Carlisle or a Hampton, excellent as these institutions are, but rather an Indian tuskegee. The Indian is not a man of the town, but of the country, the soil, the forests and farms. He is a man of God's great natural world and should not be trained away from it, but be unfolded and made a larger man in it and for it, and for his people who must always dwell there. The institution which trains him must be made to fit the man and his needs, not a man be made to fit the institution. The Indians must be elevated with Indian left in the product. Japanese, Chinese and over foreign people have distinctive racial traits of their own which cannot be cast wholly in the white man's mold. The Indian people have their racial elements distinctly marked.

Let me define more fully the idea of the industrial school and submit it to you for your consideration and revision, this definition covers the location of the schools, the relation of the chief Indian men to the enterprise and the instruction given in the school. Location—In an appropriate center of the northern part of the state where the Indians chiefly dwell. Select one thousand acres of land, more or less, for the homes of the industrial school, the chosen location should have four qualifications: First, it should be sufficiently removed from any American town to be free from temptations and be separate unto itself to develop its own independent life. Second. It should be accessible to market. Third. It should have good water supply. Fourth. It should be capable of high cultivation.

Indian participation. In the choice of the lands the Indian chiefs should have a share that they may feel the pride of participation.

No. 4013.

Notice of Sale of Real Estate

In the Superior Court of the County of Orange, State of California.

In the matter of the estate of Floy S. Gearhart, deceased.

Notice is hereby given that in pursuance of an order of the Superior Court of the County of Orange, State of California, made on the 8th day of January, 1909, in the matter of the estate of Floy S. Gearhart, deceased, the undersigned administrator of said estate, will sell at private sale to the highest bidder for cash, lawful money of the United States, as provided by law and subject to confirmation by said Superior Court, on or after the 28th day of January, 1909, all the right, title, interest and estate of the said Floy S. Gearhart, at the time of her death, and all the right, title and interest that the estate has by operation of law or otherwise acquired other than or in addition to that of the said Floy S. Gearhart, at the time of her death, in and to all those certain lots, pieces or parcels of land situated, lying and being in Orange county, State of California, and more particularly described as follows, to-wit:

The southeast quarter (S. E. ¼) of the southwest quarter (S. W. ¼) of the northwest quarter (N. W. ¼) of Section 9, township 5 south, range 10 west, S. B. B. & M.

Bids for the above described real estate must be in writing and will be received at any time after the first publication of this notice, and before making said sale, and said bids may be filed with S. M. Davis, in the District Attorney's office in the County Court House, Santa Ana, Orange county, California, the attorney for said administrator.

Terms and conditions of sale: Ten per cent of the purchase price payable on acceptance of bid and the balance on confirmation of sale by said Superior court.

Dated January 11, 1909.

A. R. GEARHART,
Administrator of said Estate.

—For Tungsten lamps see Hous-
ton.

—Night school at the Business Col-
lege.

An Extraordinary Offer

THE GREATEST EVER MADE BY ANY NEWSPAPER

Three Great National Magazines

ABSOLUTELY FREE

For Old and New Subscribers

BUSINESS men advertise—frequently they make tremendous sacrifices to attract new customers. We believe in this policy, and practice what we preach by doing something each year to attract new subscribers and to favor our old readers who are entitled to an occasional good thing.

After pending several months in search of a premium, we finally decided we could not offer a better or more useful or attractive premium than a combination of high-class home magazines, and chose "World's Events," "Home Herald" and "Vick's Magazine" on account of their high character and literary quality.

We do not hesitate to say that we regard our offer this year to be the most extraordinary ever offered by any newspaper in this vicinity. We offer these three magazines in connection with a new or renewal subscription to our own paper on such favorable terms that we do not see how it is possible for a single reader not to take advantage of it. We want you to read every word of this announcement. Read the description below of the three magazines. Read the terms of our offer and accept at once.

World's Events

"THE WORLD'S NEWS AND THE WORLD'S VIEWS"

World's Events is a modern magazine of current thought and action, issued on the first of every month and profusely illustrated. It contains the world's news and the world's views covering every important event of social, scientific, political and educational character. The latest discoveries in science and invention, commerce and industry are noted in its pages, illustrated and discussed. The larger features of the month are treated in feature articles by experts, while the smaller happenings are condensed and classified and presented in an interesting and telling manner. Side-lights on celebrities, the current stories and anecdotes of the great and near great, are scattered through its pages in a way that makes these characters real and interesting to the general reader. Those who wish to know the trend of world history and world thought without reading hundreds of papers may do so easily through the assistance of this magnificent publication. It contains the best thought of the day on the problems of the age.

World's Events is absolutely spotless on every page and will not accept any of the undesirable advertising which makes most of the current magazines objectionable for family reading. It is the ideal monthly for the home. It has 36 pages with cover in colors.

Home Herald

"A PAPER WITH A PURPOSE"

The Home Herald is an independent family weekly of twenty pages, fully illustrated. It is one of the most reliable, popular and influential publications in existence. It has an enormous circulation all over the world and it has probably a larger percentage of subscribers who renew their subscriptions year after year than any other weekly journal.

The beautiful covers in colors are prepared by well known artists. Its fearless editorial treatment of current events and its feature articles by men prominent in public life make the Home Herald indispensable to those who desire to keep in touch with public opinion affecting great issues and problems in the home.

Among some of the well known contributors in recent numbers have been Wm. Howard Taft, William Jennings Bryan, James S. Sherman, Governor Hanly of Indiana, Governor Folk of Missouri, Dr. Washington Gladden, John Balcom Shaw, Charles M. Sheldon, Booker T. Washington, John V. Farwell, Bishop Samuel Fallows, G. Campbell Morgan, John C. Havemeyer, President Blanchard and Dr. A. C. Dixon.

Judge McKenzie Cleland who has been a subscriber for fifteen years has recently said:

"Of all the papers that come to my house, the Home Herald is one the brightest and best and most highly prized. My children are always eager for it and we all like it and feel that we could not do without it. I enjoy a paper that dares to be original, independent and fearless."

Vick's Magazine

"A PERIODICAL OF PROGRESS"

Vick's Magazine, founded in 1878 by the eminent pioneer seedman and philanthropist, James Vick, has ever been the leader among the publications of its class. It is essentially a home magazine and maintains that direct personal interest in its subscribers, in the same way that its founder did over thirty years ago.

Vick's Magazine is distinctively a "Booster Magazine," boosting every good thing worth boosting. Therefore, the chief aim of Vick's is to show how the graces of human nature may best be cultivated by giving in cheery and breezy narrative, story or verse, interesting exhibits of good things that may be done in the cultivation of a light heart and a happy good nature.

Vick's Magazine has some very special numbers coming, among them, "The Enjoyable Farm Home," "The Orchard Bountiful," "The Home Garden," "The Country Beautiful," etc. All this matter by the most renowned writers in the United States.

Vick's Magazine has a real, positive and practical value to its subscribers. Through its many departments, in charge of a corps of capable editors, it reaches every interest of the home. Notice the following interesting departments: Floral, Garden, Household, Clever Ways of Doing Things, Fashions, Dressmaking, Fancy Work, Home Building, Question Box, Poultry, etc. Vick's Covers are in two colors, 36 pages, printed on good stock.

Here Is Our Offer

World's Events, 12 numbers.....	\$1.00
Home Herald, 13 numbers (special)50
Vick's Magazine, 12 numbers.....	.50
Santa Ana Daily Register (by mail)	4.00

GRAND'S CALENDAR

Jan. 18.—"A Stubborn Cinderella."
Jan. 19.—"The Lion and the Mouse."
Jan. 21.—"A Winter's Tale."

"A Stubborn Cinderella"

"A Stubborn Cinderella," the latest musical comedy and tremendous success, will be the attraction at the Grand on Jan. 18th. The production comes direct from the Princess Theatre, Chicago, where it had its triumphant opening last May and is now in its eighth month of the biggest success Chicago has ever had. No recent years have seen a musical comedy which has made such a positive hit as "A Stubborn Cinderella," it not only having opened Chicago's newest and best theatre but every dramatic critic was loud in their praises and predicted years of prosperity for Hough, Adams and Howard's latest success. "A Stubborn Cinderella" was produced by Mort B. Singer and the Princess Amusement Company and is the largest musical production ever sent out of Chicago, it having a cast of eighty people, and a production that cost nearly \$75,000. The scenery and costumes are gorgeous and the fifty show girls are beautifully arrayed during the entire play.

A peculiar feature of "A Stubborn Cinderella" is that the "brollers" are entirely eliminated from the music play. They have always been conspicuous in the former mentioned plays. However, their loss is more than counterbalanced by the fifty pretty show girls. The plot of the piece is original, the authors formerly having built their plays about the middle class and working people. The play is on a decided higher scale than their other creations and the plot an innovation

in musical comedies is more interesting; in fact, intensely so at times.

Electric Theatre

"Doc" Roberts will give a chair away. In the window of the Electric Theatre, 218 East Fourth street, a handsome chair has attracted unusual attention, not only that it is a fine piece of furniture art, but the real

cause of interest is that Manager Roberts is going to give the costly chair away. Many ask, "How can he do it?" It is a well known fact that "Doc" gives away dollars and dollars in this way, as well as in worth of entertainment and the gift of this big present is thrown in for good measure. Some one will get it. The chair will be given away tonight at 8:30 so you

must be there if you want it. Manager Roberts will have a net of the big crowds tonight and the program will embrace and best in picture plays and songs.

—Phone us, we will do the rest. William Orange.

The "Lady Leslie Girls," eight of the handsomest show girls on the American stage, in "A Stubborn Cinderella."

THIRTY WALNUT GROWERS FORM AN ASSOCIATION

A large and enthusiastic meeting of walnut growers was held yesterday in the S. A. V. I. Co. offices. Nearly

Geo. B. Warner has opened his nursery sales yard for the season with a splendid line of palms, street and ornamental trees. Acacias, Sterculias and Camphors 3 to 15 feet high. Orange, lemon, blue gum and cypress. Grafted walnuts a specialty. Will soon have in a complete stock of deciduous fruit trees, roses, grape vines and berry plants. Prices right.

Geo. B. Warner, COR. MAIN and SIXTH STS., Santa Ana.

100 were present. Frank E. Kellogg of Santa Barbara gave a most convincing address on the reasons for forming an association for the handling of the nuts and at its close thirty of those present expressed a desire to form an association in Orange. The organization was begun by electing R. M. Hargrave temporary chairman and C. F. Crist secretary pro tem. It was decided to call the organization the "Orange Walnut Growers' Association." Little more business of importance was transacted at this time. The growers adjourned to meet again next Saturday at 2 p. m.

ANNUAL MEETING OF CHRISTIAN CHURCH

D. C. Pixley Gave the History of Orange Congregation Since 1883

The Christian church held its annual meeting, supper and program on Tuesday evening. A goodly number was in attendance and a review of the church work in Orange back to 1883 was given by D. C. Pixley, which was highly interesting to the newcomers. The financial report of all church moneys for the last year showed that between \$2800 and \$3000 had been raised and dispersed during the year.

Next Sunday will be "Denominational Educational Day" and a sermon along these lines will be preached by the pastor, Rev. C. C. Bentley.

The Modoc club of the Christian church is making satisfactory progress. It is open every evening and many young men take advantage of the pleasant room and spend their evenings there. Nearly 30 members are enrolled and it is expected this number will soon be much increased.

Was a Big Time

The Fraternal Brotherhood had a big time last night which would have been bigger had the rain not interfered. It was a pie and pound social, each lady bringing a pie and each gentleman a pound of Saratoga chips, cookies, pickles, cheese, and one thoughtful man brought a pound of coffee—(probably his wife put him up to it). Four new candidates were initiated and games and social converse made a bright evening of the dull rainy night.

Visit Postponed

It was announced on Monday that a returned missionary would speak at the Presbyterian church on Tuesday of next week, but the date has had to be postponed because of another date that the missionary has at that time.

Returns Have Been Made by Association for Holiday Shipments

Members of the Orange Growers' Association have received return holiday shipments and they have netted the \$1.11 on the tree, with a possible ten cents more withheld to the end of season to cover operating expenses.

WELL KNOWN YOUNG WOMAN PASSES AWAY

Mrs. Henrietta McCarthy Lerner Died at Orange Yesterday Afternoon

Mrs. Henrietta McCarthy Lerner, wife of Frank Lerner, died at home of her parents at 2 o'clock yesterday afternoon.

Mrs. Lerner had been in very poor health for months past and had been in Silverado Canyon since July in hope that the mountain air would do her good. About a month ago she returned to the valley feeling that she was not improving as she had hoped and has since been with her parents at 531 East Chapman avenue.

Mrs. Lerner was born in Nebraska, twenty-five years ago and came to California while yet a girl. She was married a year ago last to Frank Lerner who had grown up in Orange. She leaves behind her husband a father, brother and sister to mourn. Funeral services will be held at her residence on Friday afternoon at 2 o'clock.

organization, headed by Captain Uttley, being present to act as escort. Following this pleasant duty, the Chevaliers delighted everybody by giving a short drill.

Installation then proceeded, the following being the new officers:

Past noble grand, Mrs. Dora W. Beswick; noble grand, Mrs. Kate Montgomery; vice grand, Mrs. Mary Ford; recording secretary, Miss Anna Schmiedeberg; financial secretary, Mrs. Marie Johnson; treasurer, Mrs. Belle Buck; warden, Mrs. Ila Bishop; conductress, Mrs. Alice Bridgeford; inside guardian, Mrs. Lydia Fipps; outside guardian, Mrs. Ida Carey; supporters of noble grand, Mrs. Ella Mitchell, Mrs. Susan Mullinix; supporters of vice grand, Mrs. Anna Elliott, Mrs. McAllister; banner bearers, Misses Ethel Slocum, Zella Gulley, Grace Congdon, Lou Morgan; after supporters, Mrs. Nellie Young, Mrs. Uttley.

Pretty bouquets were presented each of the incoming officers by Judge and Mrs. Pfeiffer of Orange, and Mrs. Theo. Lacy gave flowers to both Rebekah and Canton officers. The services of the Canton were especially appreciated as this is the first time any Rebekah lodge in the state has been honored with a Canton escort.

After a number of "heart to heart" talks the Rebekahs and their invited guests went to the banquet room where light refreshments were served.

Mid-winter Commencement

The absorbing topic of interest just now at the high school is the Mid-winter Commencement exercises which will take place during the week beginning February 7th.

The graduates to be are ten in number, Misses Helen Austin, Olga Conwell, Glendora Doty, Ethel Harris, Lucille Sharp, Marguerite West, Harriet Wollaston; Messrs. Cecil DuBois, Walter Eaton, Leon Griset, Miss Glendora Doty will be the valedictorian and Miss Harriet Wollaston, the salutatorian.

The class play, Goldsmith's "She Stoops to Conquer," will take place on Wednesday night, February 10th, and the graduation exercises on Friday night, February 12th.

Mrs. Barnaby, of Riverside, who came down on Tuesday last to visit her sister, Mrs. B. F. Beswick, was taken violently ill on Tuesday evening. She is very much better today.

Humane Society Officers

A correct list of officers of the Orange County Society for the Prevention of Cruelty to Animals, as chosen at a meeting on Tuesday night last, is as follows:

President, J. C. Joplin; vice president, J. G. Bailey; secretary and treasurer, G. A. Whidden. The board of directors comprises the above list and the following: Frederick Stevens, Henry Richter, A. J. Wood, C. E. Jackson.

Reception Postponed

The rainy weather is causing many postponements of social events until some more favorable period. The Tustin Ladies Aid Society, which was to have held a reception tomorrow night at the Tustin Presbyterian church, has announced its postponement for one week.

Heard of Far Korea

At a successful meeting of the Woman's Missionary Society of the First Presbyterian church held yesterday afternoon, Mrs. Sadie Nourse Welbon gave an interesting story of Mission work in Korea, where her own work lies. Much of her talk dealing with conditions as they are, was flavored by personal experiences. It may be remembered by the many who attended the thank offering meeting of the First Presbyterian church, a few weeks ago, that there was an exhibition a handsome brass bowl, corresponding to what is known here as a charcoal brazier, but named a "wharro" in Korea. This bowl was bought by the Welbons and presented to this church, and was one of the offerings given by poor Koreans, who were building a Christian church, and who, too poor to give money, brought their jewels, ornaments and household belongings as offerings for the precious object.

The talk given by Mrs. Welbon abounded with interest and was heard by a good audience. Following other features of the program, the ladies of the society voted \$100 to the Occidental Board of Foreign Missions, thereby securing an honorary life membership on the board for their pastor, Rev. J. A. Stevenson. Besides Mr. Stevenson, the only other California pastor who enjoys this distinction is Rev. Hugh K. Walker of Los Angeles.

The ladies asked that the money be expended in building a "rest house" on the road that leads inland from the coast for three days' journey by chair before reaching the station where the Welbons are located in Korea. As travelers cannot stop at the native huts, it is necessary to have rest houses, two being needed

—Miss Kramer of Los Angeles will form an adult beginners class Monday, Jan. 18, 7 p. m., Elks Hall. Ten lessons \$5.00.

—Ben E. Turner rents, repairs, sells and swaps sewing machines.

FATE STILL IN BALANCE

Over Three Hours Out and Jury Not Ready With a Verdict

At 3 o'clock this afternoon the Southern jury had not brought in a verdict. The indications are the jury will hang.

Southern went on the stand in his own defense. He said Langto, Sherman Buck and Mrs. Charles Buck were in the yard. It was rather dark. He went out with his shotgun. Not knowing what they were there for, getting suspicious over their whisperings, believing Langto to be Charles Buck he fired a shot into the air to scare them. He said he had no intention of hitting anyone.

Deputy District Attorney Rutan opened the argument yesterday afternoon and was followed by Attorney Montgomery for the defense. This morning Attorney Williams spoke for the defense and District Attorney Davis closed. Judge Lewis of San Diego, who is sitting for Judge West, read his instructions and the jury retired at 11:40 o'clock.

LUMBER INTO THE WESTMINSTER YARDS

WESTMINSTER, Jan. 14.—Two carloads of lumber have been received by the Western Lumber Co. and are being unloaded.

Mr. Skelly is making some internal improvements on the building occupied by Mr. Hogan, the druggist.

O. J. Buck and Mrs. Ed. Larter have been on the sick list the past week, but are reported better.

The week of prayer was observed by the Methodist and Presbyterian churches jointly, the services alternating between the two.

On Wednesday, Jan. 20, Rev. Isett, of China, will give two addresses here at 3 p. m. and at 7:30 p. m. The afternoon address will be to the ladies missionary society.

A. B. Solomon has bought and moved on Mr. Arrowsmith's place, the latter having moved to Garden Grove.

Mr. W. B. Bryman has moved to Artesia to take charge of a poultry ranch.

Mrs. McCoy has had an additional room built to her residence and some other improvements made.

A POSITIVE CURE FOR INDIGESTION

—If you have indigestion, your food ferments in the stomach and bowels. It does more; it decays and the nutritious matter which should go to make new blood, decays with it, and this leads to an impoverished condition of the blood, to nervousness, biliousness, constipation, sick headache, bad breath, which digests your friends, and other disagreeable and unpleasant conditions.

And all this trouble is caused by the food that doesn't digest, but ferments and oftentimes rots in the stomach. And fermentation is caused by the stomach not being strong enough and energetic enough to thoroughly mix the food with the digestive juices.

Mi-o-a is responsible for tens of thousands of cures. In fact, it is such a positive cure for indigestion and all stomach troubles that it is guaranteed by the Rowley Drug Co. to cure or money back. The price of a large box of Mi-o-a tablets is 50 cents, and they are sure to promptly relieve the worst case of indigestion or gastritis. Try them.

OPEN SWITCH CAUSED A SERIOUS ACCIDENT

VAN COUVER, B. C., Jan. 14.—Silk valued at one million dollars, was destroyed by fire and two lives lost in a wreck last night on the Canadian Pacific near Swift Current. The silk was being shipped to New York in bond, after being landed here from the Orient by the steamer Empress of China. The train was standing on a siding when the freight engine smashed into the four silk cars and set them afire. The brakeman and porter, of Medicine Hat were instantly killed. An open switch was the cause.

—All kinds of syrups, comb and strained honey, fresh ranch butter 35c per pound, for your breakfast hot cakes. T. M. Purdom & Co.

THREE YEARS IN SAN QUENTIN

Sentence Passed Upon Mexican Who Robbed Local Store

Juan Perez, the Mexican who burglarized J. W. Bishop's store on Christmas night, was today sentenced to three years in San Quentin. Sentence was pronounced by Judge Lewis of San Diego, who is on the bench here. Perez pleaded guilty. Perez stole \$140 worth of goods.

LUBERT IS NAME OF AN OIL WELLS SETTLEMENT

Orange County Tribune: Lubert is a little settlement, in fact, a small town nestling against the hills about five miles northwest of Fullerton in the great La Habra valley and is about three miles north of La Mirada. This is the home of the Murphy oil wells. It is here that the deepest well in the state is located. This well flows a steady stream of many hundred barrels of oil and water, which runs into great settling tanks and the oil is pumped from there to the top of the highest hill and runs thence to La Mirada through a four-inch pipe. This is also the highest grade oil in this section. Here is also the largest storage tank in Southern California. It is 600 feet long, 150 feet wide and 12 feet deep. Well No. 1 is flowing; No. 2 has so much gas it has trouble with sand; Nos. 3 and 4 are drilling and No. 4 will soon be producing. This is nearly a new field and it is hard to get facts, but it is well known that a new territory of great value has been struck. There are about 50 people in Lubert and 10 houses and a boarding house. Work is steadily going on and new wells will soon be started. These wells are the most difficult to handle and some of the best drillers and helpers in the world may be found at work on this lease. They are experts in their line. Testing out new ground, they do not talk much, and it is hard to get any information.

—34 (actual) horse power in 1909 Rambler touring car. J. C. Williams & Son, Orange.

—Four papers for the price of one. See the Register's clubbing offer on page two.

TOO LATE TO CLASSIFY
WANTED—Mother and daughter, or sisters to do general housework and care for children in pleasant country home. Address D, box 58, Register office, for information.

WANTED—Man or woman of intelligence and perseverance for profitable employment. Apply tomorrow forenoon after nine o'clock at the Register office.

WANTED—1000 each, navel, Valencia and lemon trees; also seed bed. A. R. Rideout, lock box 14, Whittier, Calif.

FOR TRADE—Grafted walnut trees for citrus, deciduous or loquat trees. Lock box 14, Whittier, Calif.

FOR SALE—Household sewing machine in good condition. Selling because not needed. Phone Black 2816.

LOST—Jan. 8, in or near Tustin, a color pin on a brown Buster Brown tie. Leave at Register office.

MARRIAGE LICENSES
HARVEY-WILMOT—Willis R. Harvey, aged 22, and Rachel Wilmot, aged 20, both of Santa Ana.

HUFF-SMITH—Harry S. Huff, aged 24, and Laura B. Smith, aged 26, both of Orange.

DIED
MAGOON—In this city, Jan. 14, 1909, Plummer Magoon, aged 78 years.

Mr. Magoon was stricken with apoplexy some weeks ago at Glendale, and while recovering sufficiently to be brought home and to drive about a little, his friends knew that he could not recover.

He had lived in Santa Ana twenty-five years and always led a very active life. He was a prominent member of the Christian Advent church, corner Fifth and Ross streets, from which place his funeral will take place on Saturday morning at 10 o'clock.

Mr. Magoon leaves a faithful wife to mourn his loss.

CARPENTERS ARE ACTIVE

Permits for New Dwellings Issued Since Christmas Aggregate \$15,000

Permits for the building of new homes, the value of which will aggregate \$15,000, have been issued by Building Inspector Roper since Christmas, and there are now under course of construction a large number of very substantial dwellings.

At 207 East Ninth street the residence of Theo. Winbiger has been raised and a story is built beneath it and will soon be finished. By the addition of this story, the home with its pretty environs becomes one of the most comfortable and nicest of the vicinity. A. C. Black has the contract. The cost of the improvement will be about \$2500.

What will be a handsome residence is one begun by Contractor H. L. Zimmerman for John Kinslow at the corner of Birch and Hickey streets. This residence will be a story and a half and will cost \$3000.

Two one-story frame dwellings are to be added to North Main street, each to cost \$2500. One in the Maple addition is for J. W. Elliott. N. Beaumont is the contractor for the G. W. Wilcox residence in the Flagg addition.

Carpenters are completing a frame cottage at 801 G street for L. R. Horton. William Chatterton has the contract.

Condra & Willson are building a \$1100 cottage for G. H. Sherrell at 914 East Third street.

W. A. Blizzard has a permit for a bungalow at 742 Cypress, costing \$800. A. C. Black has the contract for a one-story, \$900 cottage at 1040 West Third for Fortunato Reidebauch. 114 West Pine, \$100. H. Siefert has a permit to build a \$100 barn at 1303 Baker street.

MELROSE TO ATTACK THE GAME PRESERVE

According to the Los Angeles Times Assemblyman Melrose expects to introduce a measure doing away with the law under which the game preserve at the head of Newport Bay was formed.

LIBERTY BELL MAY COME TO THIS COAST

Would Be Inspiring Lesson in
Patriotism to Growing
Generation

SAN FRANCISCO, Jan. 14.—In response to the request made by various Pacific coast associations for a temporary loan of the famous Liberty Bell for the proposed exposition.

The press of Philadelphia has expressed itself as strongly in favor of allowing the bell to come here. The North American, in an editorial speaks as follows of the triumphal progress of the relic across the continent.

"We can conceive of no more inspiring lesson in patriotism than would be provided by that jealously guarded journey of the bell across the continent. Past the prairies where no white man had faced the Indians when its last peal had sounded; past the splendid fertile states that once were the great American desert; over the Rockies, then unknown, and over the Sierras, which only the Spanish adventurers had seen, let the bell travel, guarded in honor, to the lands for which our fathers once were ready to fight the strongest power on earth over a disputed degree of latitude.

"Let those new generations of strong Americans see for once the sacred thing which to them is but a name. Among tens of thousands a reverence will be inspired and a sentiment inculcated more deep than we of the east can conceive.

"The fostering of that spirit is a need of the nation now. Purely sentimental as the results would be, the whole country would find ultimate profit in the sending of the liberty bell to those Pacific cities."

Is Your Property For Sale?

We are constantly receiving inquiries from all parts of the United States for Farms, Vineyards and Country and City Homes on the Pacific Coast. If your property is for sale we shall be glad to place it on our list, and put you in direct correspondence with a large number of possible buyers. Address, TOWN & COUNTRY JOURNAL PUB. CO., 330 JACKSON ST., SAN FRANCISCO, CAL.

PROHIBITIONISTS MAY LEASE THE VIRGINIA

LONG BEACH, Jan. 14.—A paper was in circulation yesterday asking subscriptions for a stock company with a capital of \$10,000 to secure a lease on Hotel Virginia and reopen it as a first-class hotel without liquor privileges. Leading prohibitionists are at the head of the movement, to demonstrate that the hotel can be made profitable as a temperance tavern. The hotel company says the movement is without its knowledge, but it professes a willingness to meet the syndicate half way as to terms.

ITALY WILL ADOPT PLAN OF AMERICAN RED CROSS

ROME, Jan. 14.—The Italian government has decided to adopt the plan of relief used by the National Red Cross of the United States following the San Francisco earthquake. Ambassador Opiscopo lately stated that the archbishops of Messina and Reggio had informed him that the liberality of America and England had proved that Italy must rely there for her greatest aid. Friction is developing between the workers of the church and the state in the stricken district, their attitudes toward the work being different.

LAND SEEKERS GO TO IMPERIAL VALLEY

EL CENTRO, Jan. 14.—News of the speedy forthcoming titles to land has brought to the valley new land-seekers. The evening trains for the past week have been filled with people, and it is known that several good-sized excursion parties are soon to come from Los Angeles and other points. Every town in Imperial Valley is feeling the impetus of renewed activity, due to the good news from the general land office.

125,225 INCREASE IN THE CITY OF LOS ANGELES

LOS ANGELES, Jan. 14.—State Controller Nye has furnished a collection of statistics in which it was shown on his calculations that the population of Los Angeles county has increased 121,225 in four years. The vote of 1904, which was 48,832, as compared with that of 1908, of 73,077, showed an increase of 24,245 electors and, multiplying on a basis of one vote to every five inhabitants, he obtained the estimated increase.

JACK GLEASON WILL NOT BUY JIM JEFFRIES' CLUB

SAN FRANCISCO, Jan. 14.—Jack Gleason will make no effort to take advantage of the option he holds on the Jeffries Club, Los Angeles. The option expired yesterday. Gleason said he thought money was to be made in Los Angeles, but if he took the club he would be forced to leave San Francisco, where he has a number of enterprises.

RUINED BY RACE TARCK: NOW A FELON

One of Hundreds of Similar
Arguments for Anti-
Race Track Bill

SAN FRANCISCO, Jan. 14.—One more victim of the racing mania, short \$1000 in his accounts faced a magistrate in the police court this morning on a charge of felony embezzlement, said Tuesday's San Francisco Call, in a graphic account of the arrest of Harry S. Thompson, jewelry salesman of the Bay City. Thompson confessed, and was formally booked for his crime.

According to the confession Thompson made to the arresting officers, his larcenies commenced shortly after the opening of the racing season. He always believed that the "next day" would put him on the winning side, but the information that came into his hands from "touts" and confidence men operating so-called tipping bureaus was always wrong. Something was always the matter with the horse that was "out to win," and Thompson, like thousands of other misguided fools, found himself getting deeper and deeper into the mire. He ended as do all others who believe they can beat the allied association of sure-things gamblers at the track. He lost everything and stepped into a felon's cell. Meanwhile, the Emeryville racing hell is running full blast.

The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia, as well as in all bilious or liver complaints and in all wasting diseases where there is loss of flesh and gradual running down of the strength and system.

"The Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and through them, the whole system. This skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

SAN PEDRO WANTS NAVAL AND TORPEDO STATION

SAN PEDRO, Jan. 14.—The San Pedro Chamber of Commerce has written a letter to the Board of Trustees, suggesting correspondence be opened with the Navy department at Washington, looking to the location of a naval and torpedo station on the tide land at the western end of the breakwater, which, according to the harbor lines recently established, contains about 130 acres.

The property belongs to the state and cannot be alienated by any corporation. It is adjacent to the government reservation and is well protected from the swells of the sea.

LOBSTER TAILS WERE COSTLY TO FISHERMAN

SANTA MONICA, Jan. 13.—Four half inches missing on the tail of as many lobsters today cost L. Stagnoro \$20, or at the rate of \$10 per inch. In a consignment of twenty pounds of lobsters Game Warden Pritchard discovered four specimens that lacked half an inch apiece of the legal length of eleven inches, and he promptly hauled the fisherman before Justice Steele.

CITRUS GROWERS GIVE GOLD FOR FAR ITALY

WASHINGTON, Jan. 14.—A. G. Kendall of Los Angeles is here with \$10,551.05, which he handed over to the Italian ambassador for use of earthquake sufferers. It is part of the \$14,012.03 received for one day's sale of fruit throughout the United States, donated by citrus fruit growers of California. Of this sum, \$3461 has already been cabled to the Italian Red Cross.

FREIGHT RATES AS SEEN BY AN EXPERT

Joseph H. Call, the Los Angeles attorney, in his capacity of special counsel for the government in litigation against railroads under the interstate commerce law, has acquired expert knowledge of matters relating to freight rates. Mr. Call takes issue with President Ripley of the Santa Fe with regard to the statement that the overland railroads "made low terminal rates to the Pacific coast solely on account of water competition." Mr. Call denies that the rates are low, denies that they are influenced by water competition and asserts that no proportionate reduction is made in consideration of the long haul to Pacific coast points. Mr. Call shows by reference to the railroad statistics compiled by the interstate commerce commission that the average freight rate for distances less than 200 miles is three-fourths of a cent a ton per mile and for distances greater than 500 miles it is less than one-half cent a ton per mile. Mr. Call proceeds:

"The terminal rates between New York and Los Angeles, between Chicago or lake points and Los Angeles and between Missouri river and Los Angeles are the same, and the present rail rates, both east and west bound, including both carload lots and less than carload lots, average about \$30 per ton, or \$150 per 100 pounds, although many commodities carried in large quantities are much higher under the new tariff, effective January 1, 1909. For instance, shovels and working tools are \$37 a ton, farming utensils are \$44, carpets are \$37, machinery is \$30, musical instruments are \$45, dry goods are \$60, all in carload lots.

"The average length of the haul from New York or Chicago or Missouri river will average about 2,300 miles to Los Angeles, which at the average rate for all freight in the United States at three-fourths of a cent a ton per mile, would be \$17.50 per ton, and at the average rate for a haul of 500 miles or over at one-half cent per ton a mile, would be \$12.50 per ton, whereas in fact the so-called terminal rate to Los Angeles is \$30 a ton, or fully double the average rate of all freight in the United States."

Freight comes around the Horn for \$6 a ton. Competition by the Panama route does not exist, and the railroads have succeeded in bottling up the Tehuantepec service. It does not appear, therefore, that water competition exercises any appreciable influence on rates. As Mr. Call points out, the Pacific coast rates "are not terminal rates at all," and are more than twice as high as the average long haul tariffs. Mr. Call concludes:

"The maintenance of this monopoly is costing the Los Angeles district over \$20,000,000 a year and is costing California over \$50,000,000 a year and the Pacific coast \$100,000,000 a year." This condition is made possible only by shutting off competition by the Panama and Tehuantepec routes, and it will continue until the shippers find means to deliver themselves from the servitude.—San Francisco Call.

\$14,000 GOES GLIMMERING

Relief Fund of \$16,000 Falls
Short When It Was to Be
Turned Over

Money That Was Left Is Tied
Up in Defunct California
Bank

OAKLAND, Jan. 14.—In an endeavor to ascertain the whereabouts of approximately \$14,000 heretofore believed to have been in the treasury of the Oakland branch of the San Francisco relief committee an auditing committee is today at work. The committee believed they had \$16,000 in the fund. They met last night to turn over the funds to an Italian relief society, and discovered only \$2,000, which is now tied up in the defunct California bank. The auditors are investigating the vouchers and records of expenditures.

LONG LOST PEG LEG MINE MAY BE DISCOVERED

SAN JACINTO, Jan. 13.—With saddlebags bulging with quartz which assays \$17,000 a ton and with gold nuggets, the largest of which weighed nearly four ounces, Tommy Rawson, a young miner, came in from a prospecting trip on the desert beyond the San Jacinto mountains Friday, and for the second time within a week belief is expressed that the long lost Peg Leg mine has been found.

Byron Hot Springs
—Within easy reach of San Francisco. Wonderful curative properties of the mud and mineral baths and waters. Reached from Los Angeles through the San Joaquin Valley. Information at Southern Pacific office.

LOS ANGELES PRODUCE MARKET
Practically the same conditions prevail in the butter market as are current in the egg business. Storage stock all over the United States is short, and in many localities about all cleaned up. Here this is particularly true. Eastern arrivals have long ago ceased, and storage butter has been selling rapidly. As a result the present market is almost dependent on local production and arrivals from this vicinity. In the North butter has been on a gradual rise. The first one to affect this market within a month, came yesterday and creamery extra butter is now selling at 7 1/2 cents, an increase in value of 5 cents. Firsts went up 2 1/2 cents. The quotations on the little storage remaining were left unchanged. Receipts of the commodity were 11,886 pounds. Four cases of creamery extras were sold at the prices prevailing previous to the advance.
Eggs were firm in all grades save case counts, in which a drop of one cent was recorded. This makes the present price 37 cents and allows only a 3-cent margin on candied stock. Receipts were the largest in several months, 248 cases, and point to the heavier arrivals due within the next two or three weeks. If the increase is steady there is little danger of the famine. Present prices are considered far too low by a number of dealers, who assert that it is only sentiment which keeps eggs from going higher by 10 cents. Only a few cases of case count were traded on 'change.

Cheese receipts were an even 1000 pounds. Offerings were not as heavy as usual and only a few small street sales were reported. Prices were unchanged.
Potato receipts were 1055 sacks. Oregon Early Rose were given a boost of 25 cents a hundred on the excellent demand for seed purposes and the smaller receipts of that particular kind in recent days. Spuds from Sacramento districts are holding their own in sales. There are no changes in the market in these grades.
Lompoc onions were among the better offerings of that product. Receipts of onions were only 15 sacks. Bean receipts were only 34 sacks. Pinks, small whites and a few lentils comprised the offered varieties.
Firm prices were current on sweet potatoes of best quality. On the other hand, those touched by rain were frequently offered lower than quotations. Receipts were 231 sacks.
Apples sold slowly on account of the general lightness of the trade throughout the market. Arrivals of northern apples were 1205 boxes.
Poultry prices went higher on several lines. Geese and ducks are now selling at 16 cents a pound, live weight, to the retailers. Broilers from the chicken list have moved from 23 to 25 cents a pound. Roosters are selling from 8 to 10 cents on old stock and at 13 cents on young.
Extracted light amber honey advanced from 6 to 7 cents a pound. Other honey is very firm and is sell-

Clothes*

This is slightly earlier than we expected to have our clean-up sale, but it will give our customers that much better assortment to select from.

All high-class, hand-tailored garments carried in our store, and correctly priced at all times, lift this sale entirely out of the ordinary. It is not to be compared with the "chronic" sales held by some stores all the year round. Come and Get Our Prices and Compare Them With Others

Editor Register:—I notice in S. J. Jackman's article of Jan. 13, 1909, he refers to the demand of M. Nisson and Wm. Crowther for \$320.45, which was paid Aug. 29, 1908, and fearing that some of the stockholders would infer from same that the amount was a part of the cost of supervising the Durkee ranch, I wish to state what that demand was for.

The money, \$320.45, was paid to the S. A. V. I. Co. to be placed to the credit of the joint committee of management. Afterwards Messrs. Nisson and Crowther discovered that the money belonged to the Santa Ana River Development Co., and so made a demand on the S. A. V. I. Co. for the amount, which was paid to them, and the same turned over to the Santa Ana River Development Co.

O. E. MANSUR,
Secretary S. A. V. I. Co.

MARYSVILLE (Yuba Co.), Jan. 14.—Because he is madly infatuated with the fetching daughter of the proprietor of the Toyo restaurant on Second street, and threatens to kill both himself and the girl if she persists in her refusal to reciprocate his affections and marry him, Frank Mursakami, a Japanese porter at a drug store here, is in the city jail for safe-keeping.

A night or two ago he went to the door of the restaurant and tried to kick it down when he found it barricaded against him. At Christmas time he bought a costly watch for the girl, but she refused to accept the timepiece. This brought a threat from him to kill her. The family has been living in dread of Mursakami ever since. The prisoner is almost insane over his rejection.

WHITTIER, Jan. 14.—Four men, charged with stealing a buggy of Roy Boardman, were arrested yesterday morning by Marshal Oliver and Deputy Sheriff Way at their house in the river bottom, and the buggy was found in their possession. A miscellaneous stock of merchandise was unearthed this morning, but nothing was identified as stolen property. Officers are working on the case with the view of solving the mystery of many thefts which have been committed.

Sheriff Lacy has received word that a horse and buggy believed to be the one stolen from Frank Thomas in this city has been recovered about fifteen miles from San Diego. Thomas has gone down to see if the property is his. The rig was stolen on East Fourth street.

NEW YORK, Jan. 14.—Critically ill of pneumonia in Fordham Hospital, Menie, the 18-year-old Esquimaux boy, has been told that his friends have appealed to President Roosevelt to have him sent back to his home on Smith Sound, northern Greenland, whence he and 5 other Esquimaux were brought to this city in 1898 by Robert E. Peary, the Arctic explorer.

Chester Beecroft, in whose camp on Pelham Bay Menie lived during the summer, said tonight that he had appealed to President Roosevelt by letter to return to his home the boy, who is without means.

The doctors say that unless the lad is given definite assurance that he will be taken home he will probably die, as his recovery is hampered by homesickness.

Keshoo, Menie's father; Ahtungnah, Nooktah, Ah Weihah and Wejookah, the other Esquimaux who were brought to this city by Peary, have all died. Their kayaks, or boats of furs, and their weapons are preserved in the American Museum of Natural History. The skeleton of the boy's father is also in the museum.

OROVILLE (Butte Co.), Jan. 14.—The Pacific Fruit Cooling and Vaporizing Company proposes to erect a \$500,000 plant in this city. The plant will have pre-cooling, icing and cold storage departments. These will occupy a three-story building thirty feet by ninety-six feet, for which the plans are drawn. From fifteen to thirty tons of ice will be manufactured daily. Ice will be sold to consumers in any quantity at reasonable rates.

The capital stock of the company is \$500,000. The people of Oroville and vicinity will be asked to subscribe for \$10,000 of the company's stock.

RIVERSIDE, Jan. 14.—Orange shipments from Riverside in the past week amounted to 109 cars, bringing the season's shipments to date up to 331 cars. Ten cars of lemons were sent out in the past seven days. The rain has put a stop to orange picking, and all of the packing-houses of the Riverside Fruit Exchange have closed until the weather clears.

S. Hill Tells Why He Favors S. A. V. I. Increase of Capital

EDITOR Register:—Although my interests as a stockholder in the S. A. V. I. Co. are but little, the interests of the community in its successful management is beyond computation. Therefore, we are all greatly interested in the matter as a business proposition.

It is evident that, with the increasing demand for water consequent upon the extension of fruit orchards, some provision must be made for additional supply and that means more money.

Unless the capital stock is increased it will be next to impossible to get the money either by borrowing or taxing the present stock.

Some stockholders are afraid that if the capital stock is increased, the directors will levy too big, or too many, assessments. But it is evident that these same directors are among the largest stockholders, and that they would have no interest in increasing their own burdens, unless the general good of the water users was to be served thereby.

As a business proposition, the increase of the capital stock "looks good" to me, and should carry.

S. HILL.

ROSEVILLE, Jan. 14.—The board of supervisors organize and maintain a chain gang at the county seat for the purpose of making the county prisoners earn their board. Sheriff McAulay has established and has in fine running order an up-to-date and largely attended chain gang, which issues forth every morning from the county jail and repairs to the Placer county high school grounds, where prisoners are put to work grading and leveling the high school grounds, which are county property. At present the chain gang numbers just twenty-one, and it is likely that they will be better men when they get out of their present quarters.

CHICAGO, Jan. 14.—One workman was killed and five hurt when the Los Angeles flyer crashed into the rear of an accommodation train on the Northwestern here today. The collision was caused by fog.

WILMINGTON, Jan. 14.—It is proposed to build a boulevard through this town to join the one which the county will build from Los Angeles to Wilmington.

LOS ANGELES, Jan. 14.—Rev. Mark B. Shaw, pastor of the First Baptist church at San Bernardino, and one among the most prominent Baptist ministers of Southern California, has been called to the pastorate of the Figueroa Street Baptist church of this city, the pulpit of which was left vacant by the resignation of Rev. Edward H. Brooks after some of his members had accused him of unorthodox preaching.

Heir to English Estate Coming to California Over Route Taken When Poor

NEWTON, Mass., Jan. 14.—Returning by the same path over which he wandered penniless, Henry Stewart, who recently inherited a fortune in England, is visiting those who befriended him in adversity and distributing rewards among them for their charity.

Stewart, who is now 58 years old, left California in October, after learning that a bequest awaited him in England. He walked from California to Boston, and there took a cattle boat for England.

He will continue his journey to California by the route he took when he was poor.

PLACERVILLE (El Dorado Co.), Jan. 14.—James Dixon, who has been up above Georgetown in this county at what is known as "Uncle Tom's," brings reports regarding the abundance of deer in that region that are almost incredible. Dixon says that there are a great many deer in the mountains, and that one may in an hour sometimes see them by the dozen.

He scouts the idea of promiscuous slaughter of these animals as reported. It may be that the law is violated in isolated cases and deer killed out of season for home consumption, but the commendable vigilance of the local officials makes a wholesale violation an impossibility.

LOS ANGELES, Jan. 14.—Mrs. Elizabeth Slocum told the court in the divorce suit of her father, William Wiebking, that her sister, Bertha Wiebking attempted to kill her aged father three years ago by feeding him on flies that had been killed by strichnine. She said her sister told her the poison did not work, but only made the old man "rambunctious."

MARYSVILLE, Jan. 14.—A gruesome incident occurred here the other day. James Whalen, the aged brother of T. B. Whalen of Plumas Crossing, near Plumas Lake, died at the Mechanics House in this city, while sitting in a chair, awaiting his removal to the hospital. The cause of death was heart disease.

Half an hour before he passed away the landlord conversed with him regarding his removal to the hospital, and left him to prepare a cup of coffee as a stimulant. On his return the landlord found the old man dressed and seated in a chair, but life was extinct.

SANTA MONICA, Jan. 14.—Miss Clara Poole, the fifteen-year-old daughter of Mrs. R. E. Poole, has disappeared from her home on Seventeenth street and Utah avenue, and, despite a search extending over four counties, no trace of her has been discovered so far.

It is feared by her mother that she has eloped, and the authorities of Los Angeles, San Bernardino, Santa Barbara and Orange counties have been notified to refuse to issue a marriage license should the girl apply for one.

NEW ORLEANS, Jan. 14.—A new Nicaraguan cabinet was announced by the consul here today. All members are supporters of President Zelaya.

First of Southern California Cities to Try Government By a Commission

SAN DIEGO, Jan. 14.—By a vote of its freeholders yesterday San Diego becomes the first city in Southern California to experiment with the commission plan of municipal government. The plan is to be put into operation under the terms of the amendments, May 1.

A mayor and five councilmen are to have exclusive control of city affairs. Each of the five councilmen will receive \$2000 a year. One is to be commissioner of finance, ways and means, one commissioner of police, health and morals, one commissioner of public streets and buildings, one commissioner of fire and sewers and the fifth commissioner of water service. Each commissioner will be active superintendent of his department. Meetings are to be held as one body, weekly, with the mayor as the presiding officer. The mayor is to likewise receive \$2000 a year.

Voters were asked to say whether the common council should consist of nine or five members. The former proposition was defeated by a majority of 2589 and the latter won by a majority of 1332. The saloons voted for the larger number.

LOS ANGELES, Jan. 14.—It is proposed to build a boulevard through this town to join the one which the county will build from Los Angeles to Wilmington.

It is proposed to widen the street which is to be the boulevard to eighty feet and macadamize it. This will greatly increase the value of the property adjacent to it. As the work on the boulevard by the county is to begin at once, preparations here will be immediately taken up.

LOS ANGELES, Jan. 14.—Rev. Mark B. Shaw, pastor of the First Baptist church at San Bernardino, and one among the most prominent Baptist ministers of Southern California, has been called to the pastorate of the Figueroa Street Baptist church of this city, the pulpit of which was left vacant by the resignation of Rev. Edward H. Brooks after some of his members had accused him of unorthodox preaching.

has "no kick coming." The weather is satisfactory and future prospects are good.

There are lots of goods in our warehouses and a fair lot in the sales rooms.

And there are more goods enroute from beyond the divide. Everyone connected with the work shop is busy and able to be on hand each "pay day."

The helpers in the store could do a little more without jarring them, but they are not complaining so far as the boss knows.

We are getting ready for business when the season opens.

We will add belting to our stock in a few weeks.
